Programming in C, CS 401-End Semester Exam Monsoon

22-4-2022, 11 AM to 2 PM

NOTE: Questions 1 to 5 carry 2 marks each, **All are mandatory**

(2*5 =10 marks)

Q1. C language was evolved from -

- a) A
- b) B
- c) D
- d) E

Q2. C was mainly developed for –

- a) System Programming
- b) Logic Programming
- c) Network Programming
- d) Application Programming

Q3. The most complex part of C is to work with...?

- a) Loops
- b) control structures
- c) pointers
- d) structures

Q4. Beside C the best networking language is?

- a) Prolog
- b) Java
- c) pascal
- d) Perl

Q5. C is an AI language?

- a) True
- b) False

Note Question 6 to 11 carry 5 marks each, Attend **any 4 questions** (4 * 5 = 20 marks)

Q6. Discuss the Fundamental differences between generation of Programming Languages?

Q7. Describe the working of bitwise operators in C?

Q8. Discuss the uses of Assignment operators in C?

Q 9. According to your understanding which condition statement is better to use and why: nested IF or Switch case?

Q 10. What is the advantage of do-while loop, support your answer with any example?

Q 11 According to your observation which is better to use, Structures or Unions and why?

Note Question 12 to 14 carry 10 marks each, Attend **any 2 questions** (2 * 10 = 20 marks)

Q 12. Describe Levels of Programming Languages in details with their advantages and disadvantages, using appropriate examples?

Q 13. Write down the complete history of C language as a state of art in your own language?

Q 14. Why C is considered as the most powerful programming language till date, discuss in detail, describe the tools and functions which makes C unique from other programming languages?
