

**MCA SEMESTER-I**  
**School of Computer and Systems Sciences,**  
**Jawaharlal Nehru University,**  
**New Delhi -110067**  
**Programming in C (CS-401) Mid-I**  
**Date: 07.10.2024**

**Total Marks:20**

**Time: 2hr**

**All Compulsory**

1. Write note on:

- a. High level and low level languages, with examples
- b. Translator, Compiler and Assembler in Computer
- c. function for Input and output data, alongwith relevant libraries
- d. Data types
- e. Keywords

2\*5=10

2. Write a program to interchange the value of two variables.

3

3. Write a C program for : 'Accepts marks in five subject and calculate the total percentage marks'.

3

4. Discuss the flow chart and C program to print the smaller and larger number of two numbers.

4

**MCA SEMESTER-I**  
**School of Computer and Systems Sciences,**  
**Jawaharlal Nehru University,**  
**New Delhi -110067**  
**Programming in C (CS-401)**  
**End Semester Exam**  
**Date: 18.12.2024@10am**

**Total Marks: 50**

**Time: 3hr**

**All Compulsory**

1. Wrote note on
  - a. Software types
  - b. Machine and assembly language
  - c. Call by value and call by reference in function
  - d. Dynamic memory allocation function3\*4=12
2. Write a program to print if negative number is entered. 5
3. Multiply two positive numbers without \* operator. 5
4. Program to add the elements of an array, where array size is 10. 5
5. Write a program to find the length of a string. 5
6. Program to understand postfix/prefix increment /decrement in a pointer variable of the base integer. 5
7. Program to write Roll number and marks obtained by a student side-by-side in a matrix using 2D array. 5
8. What are local and global variables? Explain with defining a problem and writitng a C program. 8
